1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Belle View School is committed to providing an environment that enables full curriculum and school site access that values and includes all pupils, staff, parents, carers and visitors regardless of their educational, physical, sensory, social and cultural needs. We will take positive action with regard to disability and in the spirit of the Equality Act 2010 aim to develop a culture of inclusion, support and awareness within the School. Our Accessibility plan will show how we aim to make reasonable and timely adjustments to accommodate needs where practicable

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff understand equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including staff and the local governing body.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The

definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils and school staff with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil or member of the staff team faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises., availability to use certain medical room facilities or toilets.
